

PRODUCT SPECIFICATION

REF 510003295 SALVEQUICK X-RAY PLASTER DISPENSER

1 GENERAL PRODUCT DESCRIPTION

Description

A dispenser for X-ray detectable bandages (plasters) which protects the plasters from dust, dirt and moisture until time of use. When a plaster is needed it can easily be pulled out from the dispenser and applied on the wound. The plaster refills are locked in the dispenser and to remove them it is necessary to use the red key that is delivered with the product, a feature that works as an anti-theft system. The adhesive bandages inside the dispenser are medical device products and CE-labelled.

The dispenser contains 65% post-consumer recycled plastic (>85% in green colored parts).

Storage information

Dry storage in room temperature. For maximum protection, keep the products in original package until use.

2 DETAILED PRODUCT INFORMATION

Content per consumer unit

<u>Product/Material</u>	<u>Quantity</u>	<u>REF (refill)</u>
Dispenser and lid	1	-
X-Ray plaster refill	2 refills with 30 plasters each	510003320
